

Report To:	CABINET
Date:	21ST FEBRUARY 2023
Heading:	INTERIM CORPORATE HEALTH AND SAFETY REPORT 2022/23
Executive Lead Member:	COUNCILLOR JOHN WILMOTT – EXECUTIVE LEAD MEMBER FOR LICENSING, ENVIRONMENTAL HEALTH AND REGULATORY SERVICES
Ward/s:	ALL
Key Decision:	NO
Subject to Call-In:	YES

Purpose of Report

To present details of the Council's corporate health and safety performance by means of an interim report covering the six-month period 1st April 2022 to 30th September 2022.

Recommendation(s)

That the Interim Corporate Health and Safety Report 2022/23 at Appendix 1 be noted.

Reasons for Recommendation(s)

To ensure Cabinet are informed on corporate health and safety performance across the Council, to provide assurance that the Council's statutory health and safety obligations are being met and to provide an understanding that the health and safety risks created by the Council's services and operations are being managed effectively, as required by law.

Alternative Options Considered

Not to present an Interim Corporate Health and Safety report. With this option, Cabinet would not be fully informed of the Council's corporate health and safety activities and performance for the interim reporting period and as such, would be unaware of potential situation(s) whereby the Council's statutory health and safety obligations were not being met and that health and safety risks created by the Council's services and operations were not being managed effectively, thus attracting a number of significant risks across the Council. **Not recommended.**

Detailed Information

1. The Health and Safety at Work etc. Act 1974 (the Act) and other applicable health and safety legislation impose a number of statutory duties on employers, employees and others in regards to health, safety and welfare in connection with their work activities. In terms of the Council's role as an employer, these are Executive functions that fall within the remit of Cabinet. These statutory duties are separate from the Council's role as an enforcement body which ensures that other employers within the District comply with their obligations under the Act, and other applicable health and safety legislation.
2. Therefore, the Council needs to ensure that effective corporate health and safety (including fire safety) risk management arrangements are in place to provide for the health, safety and wellbeing of employees and all other persons who may be affected by the Council's services and operations. This will assist the Council in meeting its statutory obligations and secure ongoing compliance with the Act, the Regulatory Reform (Fire Safety) Order 2005 and all other applicable health and safety legislation, guidance and best practice.
3. The Council's Risk & Emergency Planning Unit is responsible for leading on, developing, implementing, monitoring and assisting with effective corporate health and safety risk management arrangements (including fire safety), delivering this service across all four Council Directorates.
4. The Interim Corporate Health and Safety Report 2022/23 has been produced by the Service Manager - Risk & Emergency Planning and provides a summary of the management of corporate health and safety and safety performance within the Authority between April 2022 and September 2022.
5. Although the Council is not required by law to produce an interim or annual corporate health and safety report, it is considered best practice to do so by the Health and Safety Executive (HSE), the Institute of Directors and the Royal Society for the Prevention of Accidents (RoSPA).
6. The scope of the Interim Corporate Health and Safety Report covers the following key areas:
 - Details of forthcoming or newly introduced health and safety / fire safety legislation, guidance and best practice
 - A summary of any new or significantly updated corporate health and safety policies and/or procedures introduced throughout the reporting period
 - Accident / incident summary information including confirmation of the number of incidents that attracted statutory reporting requirements (i.e. reported to the HSE)
 - Fire safety summary with a particular focus on fire safety management for residential buildings owned and managed by the Council
 - Evaluation of legal compliance
 - Details of all enforcement agency activity for the interim period (HSE and Fire Authority contact with the Council)
 - COVID-19 position
 - Regulator of Social Housing – Building Safety Compliance Indicators
7. Cabinet are asked to receive the Interim Corporate Health and Safety Report at Appendix 1 to inform them of the Council's health and safety performance for the period April 2022 – September 2022.

Implications

Corporate Plan:

Good health and safety management and performance reduces the risk of employee sickness, ill health and absence and ensures that safe and healthy conditions are provided and maintained for employees and all other persons who may be affected by the Council's operations. This creates a positive effect on employee morale, in turn helping with the sustained delivery of high-quality Council services, delivered consistently and reliably, including a positive contribution to the health and wellbeing of the residents of Ashfield.

Legal:

The Council's statutory duties are described in detail in the report and in Appendix 1. [RLD 20/01/2023]

Finance:

There are no direct financial implications arising from this report. [PH 25/01/2023]

Budget Area	Implication
General Fund – Revenue Budget	Not applicable
General Fund – Capital Programme	Not applicable
Housing Revenue Account – Revenue Budget	Not applicable
Housing Revenue Account – Capital Programme	Not applicable

Risk:

Risk	Mitigation
As detailed in Appendix 1	As detailed in Appendix 1

Human Resources:

HR support Health and Safety in terms of employee wellbeing and health surveillance. We continue to work closely to ensure synergy and continued good practice. [KB 23/01/2023].

Environmental/Sustainability:

There are no environmental/sustainability implications arising from the report.

Equalities:

There are no equalities implications arising from the report. Equality implications and any reasonable adjustments which may be required for employees and/or service users who are categorised under a protected characteristic are considered as part of the health and safety risk assessment process.

Other Implications:

There are no other implications arising from the report.
