The workplan is a live document and ongoing consultation will continue to be undertaken with Service Directors, Third Tier Officers and Members. Community engagement will also form part of an ongoing consultation process. All suggestions received will be discussed by the Overview and Scrutiny Committee with the aim of developing a sound, informed and flexible workplan that will add value to the community and the work carried out by the Council and its partners.

Detailed Information

What is a Work Plan?

The Scrutiny Work Plan outlines the areas of work which are expected to be scrutinised over the coming months / year by or on behalf of the Council's Overview and Scrutiny Committee and Panels A and B. Topics added to the workplan should have expected outcomes to add value to the services delivered by the Council and its partners and/or improve the quality of lives of Ashfield residents.

It is recognised that there is a need for flexibility in the work plan so as to allow relevant issues to be dealt with as and when they arise. It is suggested that the number of items placed on the workplan should be limited to no more than 8.

Sources of Work Plan Ideas

Numerous sources of information can help to inform topic selection, including:

- Concerns that have been raised by the public relating to Council delivered services
- Issues of community concern – not necessarily services delivered by the Council
- Issues that have been flagged up by reviews, audits or inspections (past and present).
- Issues relating to Councils outcomes, objectives and priorities
- Consultations and interviews
- Underperformance
- "Stakeholders" concerns – raised by the Council's partners or the users of services
- Partnership objectives
- Cabinet Members, Chief Executive or Service Directors presentations about the pertinent issues that are emerging and any opportunities or threats on the horizon.
- Central government priority changes.
- Analysis of customer complaints.
- Improvement Plans.
- Forward Plan
- Budgetary analysis.

Scrutiny is also encouraged to think about external Scrutiny and the monitoring of other public bodies, and how its activities will engage partner organisations, the media and the public.

Selecting a Work Plan Topics

The Overview and Scrutiny Committee should use effective processes to select topics that will contribute towards the best possible workplan for Scrutiny. This means looking at the sources of information that may help and using them to choose the right topics. This involves:

- Drawing out and discussing what matters most to Councillors and to the community at large.
- Finding out about any research that has been completed or that is planned
- Prioritising topics.
- Looking at what the Scrutiny function has done before.
- Considering what added value is expected as a result of Scrutiny involvement

- Considering whether the topic is already being reviewed elsewhere
- Planning how to get the best from the Committee and Panel meetings

It is also important to note that Overview & Scrutiny have limited time and resources and therefore workplans need to be manageable. It is not possible to include every topic suggested by Members, Service Directors or the Public in the workplan. Successful Scrutiny is about looking at the right topic in the right way and Members will need to be selective whilst also being able to demonstrate clear arguments in favour of including or excluding topics.

Risks

A common pitfall for Overview & Scrutiny can be the inclusion of topics on the work plan that are unmanageable, of limited interest to the community, purely for informational purposes, have few outcomes and fail to 'add value' to the work of the Council or the well being of the community. As such the selection and prioritisation of topics is critical to the effectiveness of Overview & Scrutiny as such processes can ensure clearer focus, particularly in poor or weak areas of performance or major issues of concern to the wider community.

The Peer Challenge in 2017 highlighted that Scrutiny would benefit from an increased focus on strategic issues, therefore it may be informative to consider issues prioritised in both the [Corporate Plan](#) and the [Forward Plan](#).

New Topic suggestions (February 2018)

One additional topic has been suggested for consideration by Scrutiny – Review of Council Support of Christmas Events. This topic has been suggested to consider how the Council can best support communities in assisting with the planning and implementation of Christmas events (trees, lights and specific events).
